Thanks Jessica! The Westchester Town Center BID Board of Directors has unanimously supported this kind of a solution and we have communicated with Councilman Bonin and Supervisor Knabe to that effect. The Board's letter to them is attached.

I believe that the Neighborhood Council has taken a similar position and can distribute their letter as well.

Thanks, Jessica. We need to get the community, both business and residential and others, LAWA, Metro and the political establishment to come up with a consensus. We will all have to learn and practice give-and-take. And with political will, consensus, and hopefully (and most importantly) fiscal capital, we can hopefully expedite what might be the greatest hurdle in all this: the FAA.

Keep up the great work, Jessica!

Ken

Subject: LAX ITF article

Hi all-

Councilman Bonin chaired a joint meeting of the City Council's Transportation and Trade, Commerce & Tourism Committees where LAWA shared a presentation on the ITF alternative for the Crenshaw/LAX line. Wanted to share the coverage with you.

Thanks again for all the work you've done to promote this effort, feel free to pass this along!
